Jeremy P. McGhee, Founder/Director

To Whom It May Concern:

This letter confirms that Fight to Walk Foundation was accepted by our Board of Directors as a nonprofit project of the National Heritage Foundation on 9/8/2003 and therefore shares our nonprofit 501(c)(3), 509(a)(1) federal tax status (Tax ID Number 58-2085326). All donations to this foundation are tax deductible and can be made payable to the name of the foundation project.

Our motto, "For every hurt there is a helper," is definitely embodied by this foundation. We applaud the charitable efforts of this foundation, namely; to reach newly injured spinal cord injuries while still in the hospital. F2W will raise funds to provide counseling, detailed case working, support for the family, needed equipment not covered by insurance, and scholarships for an aggressive therapy program called Project Walk. It is our goal to provide hope and to help each individual fight to walk again. All distributions will relate to this charitable mission and will further the goals stated in the foundation's purpose.

This foundation's mission is certainly an example of what foundations at NHF are collectively trying to do: *restore, maintain and extend our national heritage of people helping others.*
